LET'S GET STARTED!

PRESEASON CHECKLIST

OYSA Registration & Background Check

Make sure this is completed ASAP. It can take up to 2 weeks to complete. You will not be able to start practices until this is complete. Applies for assistant and team parent as well.

SafeSport Training

SafeSport is an educational program designed to keep all our players safe. It is required by OYSA and it must be completed by any adult engaging with players during practice or games.

Identify an Assistant

Our club requires that every team have an OYSA approved (background+SafeSport) assistant or team parent to assist the head coach. Look for this person early!

Pick up Gear

Stay tuned for information about gear pick up! We will supply balls, cones, pinnies, first aid supplies, and any other items you need.

Contact all Families

Please look for an email from PlayMetrics. This is our club communication platform and how you will connect with individual families about your first practice, game schedule, changes, etc.

Coaches Cards

All coaches are required to have a coaches card on hand at games. Upload a photo to Affinity to ensure you will be issued a card.

PRACTICE

HAVE A PLAN!

PLAY-PRACTICE-PLAY

PLAY

- Set up an environment that is safe and fun.
- Activities that allow players to warm up and have fun e.g. Sharks and Minnows and Red Light Green Light

PRACTICE

- Focus on targeted learning activities like dribbling, passing, and finishing
- Remember, no lines!

PLAY

- The goal is to allow for play that is uninterrupted and allows the coach to assess learning during the session e.g. scrimmage

PHILOSOPHY

Coaches should focus on making soccer fun! We aren't keeping score and success is measured in smiles and laughs. We emphasize equal playing time and want to get players as many touches on the ball as possible.

Want to share feedback on how the referee did? Please use this form and refrain from talking to ref during the game.

SOCCER 5 HIGHLIGHTS

NO JEWELRY of any kind is allowed. This includes especially earrings, nose studs, rings, and necklaces. **TAPING** over earrings is not allowed. This is strictly enforced in US Soccer.

If a team is ahead by **five goals**, the opposing team can add a player if they wish. If a team is ahead by eight goals, a second player can be added. Remove the extra players as the goal spread diminishes.

ALL Spectators are to be on the sideline **OPPOSITE** of the teams. Coaches & players will remain on their own half of the side they are on. Neither coaches nor parents are allowed behind the goal.

Only club registered coaches who have completed all requirements may be on the sidelines with the team. Coaches will be asked to show their **coach's card** at check-in.

For **substitutions**, players must enter the field of play at the **midfield** on the team's side of the field. When your subs are ready, tell them to wait at the centerline. Wait for the referee to signal the subs onto the field.

Coaches must stay near the bench. **Avoid loitering** in the centerline area—keep that for subs, and do move down the line to the other half. Once the game begins, do not enter the field unless beckoned by the referee.
